## Education

**Diploma in Business Intelligence and Analytics** | Nanyang Polytechnic
*Apr 2020 - Mar 2023*

## Skills

**Languages/Frameworks**

- Python
- ReactJS
- SQL
- PHP

**Tools**

- PySpark
- Microsoft SQL Server Management Studio
- Hadoop

## About Me

A Business Intelligence and Analytics graduate with strong technical expertise in SQL, PySpark, Python, and ReactJS. Experienced in data mining, analysis, and developing hybrid applications.

Adept at working independently or in teams, with a proven track record of delivering results ahead of deadlines. Demonstrated leadership in managing publicity efforts for my Choir CCA.

## Experience

**Singtel |** Snr Associate Engineer

Oct 2023 - May 2024

- Leveraging on SQL and PySpark for data mining and analysis, consistently delivering results for ad hoc requests 1-2 days ahead of deadlines.
- Collaborated in preparing data-driven PowerPoint presentations, ensuring accurate and timely reporting for executive reviews.

**PSA Singapore /** Student Intern

Jun 2022 - Aug 2022

- Automated Excel workflows, developed and implemented scripts to automate data entry, reducing human error and speeding up reporting processes.
- Streamlined email communication by automating the process of sending reports, improving efficiency and reducing manual tasks.

## Certificates

- Cloud Architecting and Security
